“ Our condolences to the Hepburn Family. We know how well Amanda was loved and how much she will be missed. We also know she is flying high and free with our Heavenly Father and keeping company with our sweet Rachel, her buddy from school. Bet they are laughing and singing until we meet again sweet girls!

“ I remember the day you were born. My mother bought you a doll with your name on it. You were born with an amazing smile that you shared with everyone you meet. May you share that smile with those on that side who need it.
