Gregg was literally part of our family--I have known Gregg for many years and also went to high school with his brother and sister--Greg was my brother's best friend and former roommate--I have many fond memories--I was looking forward to New Year's Eve and unfortunately, COVID kept us all apart--he was always so kind to me--having something flattering to say--and he even used to babysit for me when I was finishing college 33 years ago--in high school he came to my softball games and cheered me on--Our world is definitely a little dimmer today--Rest Well Sweet Gregg

I've know Gregg since HS. He was always a genuinely nice guy. We will miss him at the gatherings we would have every few years. The world has lost another great guy. May you RIP Gregg. It's hard to lose another friend so young in life.

“ I knew Gregg going back to high school and more recently would connect with him occasionally and then at all the various reunions and local gatherings big and small over the years and the guy was a straight up man's man and a total blast!! My memories of him are a virtual highlight reel of good times and SERIOUS laughs and when you lose one like that in a world like this you feel it big time. Heart going out to his family and to all of his buds in his inner circle this is one guy who will be fondly remembered and deeply, deeply missed 🌹

“ I've have known Gregg since he was in the 7th grade , I was best friends with his sister Debbie. All of the reunions that he was at were always the best and so much fun because he was the life of the party. Over the years I always would run into him and at one time we both lived next to each other at The Palm Club.

I'll just so totally shocked and upset that I'll never run into you again out and about or hear your laugh. Gregg you were one in a million and the mold was broken when you were made. Love you and I'll see you on the other side. RIP 🙏

“ Greg Gino Gullo I consider this man a brother, I look forward to seeing him The gatherings both large and small. To me Greg’s motto would be live life to its fullest. Greg had a mission in life: Family, friends, and fun. If you take care of the first two the third one will come naturally and Greg was a natural at this. Greg Gullo= give unto others without expecting a reward/return.
