“ We were truly stunned and shocked when we learned the sad news of Kim’s passing. We have known Kim for close to 20 years and she was truly a shining light in the doctors office where she worked. She always addressed our concerns with compassion and always got us answers to questions that we could not get answers for. We want to send our sincere condolences to her daughter Andrea and her family. Kim will be missed, but never forgotten-

“ I have so many memories of working with Kim...most of them laced with humor. Kim was a very caring professional who knew how to be efficient while being so compassionate. When I would say , oh gross...Kim would say, that’s so cool! She truly helped me through a very difficult time of illness and I will always treasure my memories of her. There was nothing more important to Kim than her family. I know each day with them was a gift to her. Oh she will be so missed. Please love each other as Kim loved you. God bless.

“ Don and I are sorry we cannot attend but are sending love and prayers to the Hroma/Gordon family. We did not get to spend a lot of time with Kim but during our last conversation on the phone she said she was taking care of “our Dad” and that meant the world to me.

Ted always spoke so highly of Kim and I know she was a great comfort to him through his medical issues. Kim’s laughter, outgoing personality and generosity will be missed by all who knew her. Kim flies with the angels now and will be forever in our hearts. Sandra Benson.
