“ My father was an amazing human being. I credit so much of who I am to him. He taught me the world is there for the taking just decide how you are going to take it. He will be missed deeply but I will always see him in my children's faces.

Thank you to everyone for your kind words and memories.

“ I would first like to send out my blessings and prayers to the family for their tremendous lose. Although Kenny was taken from us too soon, he will always be in our hearts.

I had the pleasure of being not only a coworker, but friend of Kenny's. I have two uncles that have worked with Kenny for many years and always spoke of Kenny and told me the stories and the Legend of Kenny. When I finally got to work with Kenny all I can say is the Legend was true. I have never met a more honest and straight forward guy. He always had a smile on his face and knew how to make your day. Kenny and I had many discussions, teaching me different lessons that not only apply to work but life. I felt like Kenny was another uncle to me on the job as his words of wisdom were a guide in being successful. I looked up to Kenny although he would always joke that he wanted to be like me when he grew up, his humor was amazing. His stories of past experiences, good and bad always had a lesson learned and he would love to share and tell me to learn from them. Its hard to think I won't walk into

the office to have him excited to show me the progress on one of his car restorations that he would hide from his wife, joking that she wouldn't be happy when she found out.

Again I would like to send my prayers to the family in this hard time, Kenny was a part of our work family and will be forever missed. I can just see his contagious smile as he looks down on us.

Until we meet again,

“ I am greatly saddened by Kenny's passing. Although I hadn't known Kenny for long I felt that we were kindred spirits as our careers have been very similar. Over the past several years that we worked together bouncing questions and concerns off of each other always seeking the best answer to what ever the problem or concern was. I'll sorely miss this interaction between peers. I'll miss that great big smile and the experiences behind it. I enjoyed listening to him talk about the grandkids and of course, his babies, the Fair Lady Datsun and the 914. I had the good fortune of meeting his wife Kamala under this terrible circumstance. What a gracious and beautiful woman inside and out. I hope that she can take heart in knowing that Kenny was admired as a friend and colleague by many in the Bechtel family. I wish Kenny a speedy journey to the higher sun filled worlds and enjoy the life there.
Wally.

“ I met Kenny for the first time back in 2010 at one of our US refinery expansion projects. Kenny has always been very soft spoken, very respectful, and He always wore a big old smile everywhere he went. Kenny you were an inspiration to us all and will be dearly missed.

Rest in peace brother

“ I've had the pleasure to know Kenny for the past 5 years at work, first in Thailand and then in the US. Despite all the hardships of work, I'll only remember Kenny for his big smile, laid back approach and his big heart. When he told his stories, he smiled so much you could see his inner-child in his eyes. I'll never forget walking into his office one day and finding a whole watermelon, crudely cut in half with a plastic knife, on his desk. Or every other time I walked up to his desk and he was drinking his water/soda out of a plastic wine glass. These memories for me told me exactly how much Kenny enjoyed life, and they always make me laugh. Rest in Peace, Kenny. You are dearly missed.

“ As a co-worker of Kenny's, I wanted to say that he will be missed Greatly at work. He was passionate about his work, which pushed us to meet his expectations, but with the pressure, he always made us laugh. Just yesterday, we were working to reconcile an issue and recalled memories of Kenny and laughed until we cried. He loved his job, but not nearly as much as he loved his family. He talked fondly of all of you often. I remember when he was preparing to make the trip to see his Mother, and how excited he was to be able to spend time with her. We are praying for all of you during this time.

“ Uncle Kenny was always a great source of information, and inspiration for entrepreneurship. He never judged, and was always generous. He could always make me laugh. He will be greatly missed, but never forgotten.
