“ “Es inevitable sentir un gran dolor ante la pérdida de una persona muy querida. Sabemos que todos venimos con una misión a este mundo y al parecer el ya cumplió la suya. Agradecemosle al Señor por tenerlo entre sus brazos.” Con profundo pesar te despido Michael. Reinaldo perlaza

“ Snoop De Doop, my little love bug, my sweet friend. I'm so saddened by this tragedy. You were always a smiling face, so humble, so smart. Save me a seat right next to you! I'm so glad to have the memories we shared,captured in videos and pictures. Xoxo love you my dear.

“ Brother!  
To me you will always be my first son and brother. I remember when we used to watch the New York Giants games and I filled your clothes with your baby pillows and made you look like a football player. I remember when we use to take walks with Tyson our Rottweiler. Remember brother? I have so many beautiful memories that I will take and cherish them for the rest of my life. I will forever miss you mike. You were much stronger and smarter than me. You had more talent and potential than me. I always admire your talent as a tattoo artist, how you could draw anything and made it into a beautiful picture. My G, my nigga, my perra, my parce, my son , my brother. I love you mike.  
You will always be in my heart and I will never forget you .  
R.I.P and may God have you by his side and help me in my journey of life to raise my kids but yours as well.  
Till we see each other again brother .

“ Please accept my heart and deepest condolences. An incredible heart has stopped beating, a blessed soul has reached heaven. Someone who departs from earth doesn't truly leave, Michael remains alive in our hearts and through us he will live on.

We will never forget you and your loving soul. You have always inspired me to do good and had a special place in my heart brother. May the Almighty provide you eternal rest.
