“ A great friend and a great Attorney. We had many humorous conversations at the courthouse.

Paul, I never did find that hat my friend!! Rest in Pease and soar my friend Edna Smith

Edna Smith - September 10, 2020 at 04:10 PM

“ I am a professional colleague and friend of Paul. I met him for lunch and he pulled up in a big white pick up truck.

We don't see too many fellow attorneys driving pick up trucks here.

On the side of the truck was the name "Power Legal" with a picture of a body builder lifting a barbell. I asked him why that name since he didn't look or act like a body builder.His last name wasn't Power either.

He explained that he wanted his clients to feel that they had the power, not that the lawyer had the power.

That was Paul, always self-effacing, always trying to build up and protect others and not to brag or call undue attention to himself. I love this guy and will miss him.

“ What a sweet, sweet service. You were all incredibly well spoken and brought back so many memories of Paul's charming personality. I'm so glad that you all got to spend valuable time with Paul over the past year. It is clear that Paul was loved by so many and supported through his ordeal by family and friends. The constant theme was how generous and protective Paul was. He was an amazing "Counselor" and Protector. My

heart goes out to all of you. Thank you for including me in the service, answering my emails, and sharing wonderful stories about Paul and his life. Love forever, Nancy Price

“ We met online in the spring of 2002, both excited & filled with anticipation at the thought of moving to Florida. We shared a first date in Jupiter, dinner by the water followed by a walk on the beach. I think we had a brief dance before he drove off in his vintage blue sedan, both of us knowing there would be more.

That summer we soaked up all the sunshine state had to offer...we traveled, dined out, swam in the moonlight, danced, listened to jazz, explored the beaches & enjoyed the good life. My favorite trip was to Key West. I booked a room in a small inn a few doors down from the Hemingway Estate. I brought the caviar, he brought the Dom Perignon-such a memorable indulgence on our lush shaded balcony! Over the weekend we attended the sunset celebration, swam in the ocean, went to the famous Cuba mile marker, shopped, drank, were amazed at chickens in the street & discovered The Green Parrot Bar! Yes, we were both hooked on the tropical air, the sunshine, the easy lifestyle.....back in the real world, I threw myself into renovating my first house & Paul worked building up his clientele.

We shared some lovely, special times. We had a lot in common that children of the 60's often do....there were discussions, and laughter and cultural appreciation...I remember a wonderful painting by his mother....once I said to him that I preferred old towels as they were more absorbent...and he said he did too!

I remember his fishing stint and the house he remodeled in PT. St. Lucie, I remember the cowboy boots and how gentle he was with my old cat. I remember now he craved that first cup of coffee, how measured and patient his speech could be sometimes. I remember his laughter at my silliness. I remember his intellect, his humor and his kindness.

Our relationship though only a few months long was strong and we did keep in touch. In 2015 we saw each other again, shared our stories, raised a glass each of us taking measure but thinking there was so much time left.

He called and left a message letting me know how sick he was. Unfortunately at the same time I was also going through devastating health issues that prevented me from speaking to him. It is comforting to read how much love and support surrounded him over the past year. It saddens me not to have said goodbye...till we meet again my dear friend-much love.

“ Tall Paul in a shared house on Hollywood Street in Worcester, Mass. We took to each other like fast friends do. The wit...the droll cool...so much cooler than I as I would figure out mere decades later. I do wish I'd seen more of you in the years after Lee Jeans or at least we got to be a couple of old Jews in cardigan sweaters together near one ocean or another. Not to be then not to be but as the song goes and I do believe, "we'll meet again some sunny day".

“ I will miss Paul greatly. I met him through the NPPT poker games and have known him for 9 years. He was a good player, but much more so a great person. His sense of humor was more subtle than over the top, but if you measured it, it was off the charts. He was one of the nicest people I have known and was always someone that you were happy to see. Like his son described, when he was there, the room was a better place. May he rest in peace, I'm sure he will be remembered well by all who have known him.
