“ *My dearest sister, memories are for us to keep, to treasure and to make us smile or laugh or cry, we have shared them all. I will keep yours safe. Today you will create new ones, heaven has a new angel. Love you.*

A poem for today;

*Tomorrow is not promised, we have the gift of today
Lets gather her memories, that came from yesterday.*

*Tears will come and sadness will loom, but
The legacy of her love does not go to the tomb.*

*Her day has ended, but she has her guide
The Lord Jesus is standing, right by her side.*

*Tomorrow's not promised, but we, still have today.
So let's celebrate her life, in everyway.*

“ Kim and Randy spent 10 days in October 2019 with Irv and myself in our home. Kim and I laughed and laughed and laughed. You know Kim’s distinct laugh. It was infectious! The two of us would get up real early so we could start laughing real early! One morning we saw an amazing sunrise together. We just ooded and awed over it. It looked like a blazing fire through the trees and fog. It was like a sign to us - something so special and beautiful that only the two of us had witnessed

“ Not only were we cousins but really good friends. Kim, I already miss hearing your voice during our many calls. At times we were a life line for each other. Not a week went by that we did not talk. So now I will live with that void in my heart. Will miss your warmth and your smile. Thankful we could spend time together over the years. Christmas Lights in Mt. Dora was a real treat for the four of us. "We are painfully aware that life can never be the same again, that yesterday is over...The fact that this person left behind a place that cannot be filled is a high tribute to this individual. Life can be the same after a trinket has been lost, but never after the loss of a treasure." [by Paul Irion]. You are gone but not forgotten! Remembering with Love, Your Cousin Mel [Melodie Lopez]

“ My beautiful sister Kim, "Yosef Salaam wrote" Nobody leaves here alive. The wealthiest place on earth has never been Africa, where there is gold and diamonds, or the middle East, where there is oil.
 The richest place on earth is the graveyard. It's the place where everyone's unfilled hopes, dreams and aspirations have been laid to rest. No matter what life has taken you through, try to live full and die empty.
 I know from experience you lived life to the full.
 We had so much fun stealing rocks from building sites for my rock garden. Seeing whose orchids were growing better. Spending time together at Harbour Front in Toronto.
 Kim you did it all and I'm so glad I could share a little part in your adventures with you.
 You are going to be missed my sweet sister. Love you. Lorraine, Winston & family.

We never would have felt ready to say good-bye to someone as special as Kim but the timing of this occasion is especially emotionally tough. Our family is keeping you in our thoughts & prayers.

“ Kim was my high school BFF at Southwest Miami Sr High. I fondly remember many fun times throughout the years. Although we occasionally lost touch for awhile, we made it a point to rekindle our friendship throughout the years. Kim was very special. There is one emogee which will always remind me of Kim: 🧚‍♀️
